We recognise our employees as key assets, hence managing talent at all levels is a key priority. Our Human Resource (HR) policies and guidelines comply with all relevant legislations and have been designed to ensure that our workplace embraces diversity, inclusion, equality and innovation.

The Group's efforts to attract, develop, motivate and retain its employees are pursued within the ambit of 5 HR strategic focus areas or pillars – Talent Management, Rewards, Capability Building, HR Operational Excellence and Employee Engagement.

The following are key highlights of our efforts to create a healthy and conducive workplace:

- **Talent Acquisition**

We assess applicants for employment in our Group of companies based on objective criteria regardless of their ethnic background, gender, age, religion, disability or any factors which do not have bearing on job requirements. The Lion-Parkson Foundation scholarship programme builds a healthy pipeline of talent for our businesses.

- **Talent Management**

We take stock of talent requirements for our businesses to allow high-potential employees the opportunities to develop and progress to senior and challenging roles at the Company and Group level. This will also serve to retain and cross-pollinate key talents within the Group.

- **Capability Building**

We provide learning and development opportunities in respect of technical, functional and behaviour competencies for our employees in line with their job requirements and career aspirations. Learning interventions are delivered on-the-job, via formal class training and continuing education.

- **Rewards and Performance**

We review and implement remuneration practices that are externally competitive and internally fair and equitable. Our reward process is closely linked to performance management process; our employees can expect to receive salary adjustments and bonus awards which directly relate to their performance and contributions.

- **HR Operational Excellence**

We continue to streamline, standardise and simplify our HR policies and processes in line with the requirements of our global organisation. We trust that with our LionPeople Global HR Information System (HRIS), it will take our people management agenda to the next level.

- **Safety & Health in the Workplace**

The safety and health of our employees is vital to our businesses, hence the Group subscribes to the safety, health and environmental regulations with a systematic approach reinforced by constant training and monitoring to ensure the safety and well-being of our employees. Workplace incidents are taken seriously; they are investigated and appropriate actions taken to prevent recurrence.

In compliance with legal requirements such as the Occupational Safety and Health Act, Factories and Machineries Act and related regulations, we have in place our Safety and Health Standard Operating Procedures. Compliance with the safe work practices stated in these standard operating procedures is the primary responsibility of all employees, contractors and consultants performing their duties at our premises.

We have established the Emergency Response Team (ERT) in our plants to prepare for and respond to any emergency incident, such as occupational incidents, natural disasters or interruption of business operations. Our ERT members are well trained on safety awareness and preparedness in everyday situations. Training is organised regularly for the members on the use of various types of fire extinguishers and hose reel, first aid i.e. CPR and injury management, shutdown and evacuation procedures. Safety campaigns are held to remind and refresh the staff on safety awareness and related issues.

- **Employee Engagement**

We espouse the requirement to engage and listen to our employees in order to create a conducive, happy and productive workplace. We create forums to enable effective employee engagement such as town-halls, “lunch & learn”, festival open houses, sports and recreational activities/pursuits. Such engagements address both work and social requirements of our employees.

- **Work-Life Balance**

A balanced work-life desired by most employees proved to be an important factor for recruitment and retention of employees. As such, the Group strives to provide a working environment that promotes work-life balance for its employees with initiatives such as sports, fitness and recreational activities as well as organising various healthy lifestyle campaigns and programmes to promote healthier living.

- **Promoting Green and Environmental Friendly Products**

We constantly explore greener alternatives in our day-to-day operations such as introduction of more efficient and energy-saving products and processes and 5S management techniques in our operations. To support our policy commitment, various environmental awareness activities such as Gotong Royong by the staff to clean the premises and surroundings were carried out. Initiatives by our property projects include landscaping with lush greenery and facilities to promote a green environment. We have introduced urban farming in our new project to encourage community gardening which provides space for residents to cultivate plants for food and/or recreation.

We always look at ways to reduce paper usage and encourage the usage of electronic platforms such as social media, SMS and email as efficient alternative modes of communication with our suppliers and customers and for our day-to-day internal operations, and to use recycled paper to print any document where possible.

SOCIAL

In keeping with its philosophy of giving back to the community, the Group is focused on helping to uplift the community via Lion-Parkson Foundation and Lion Group Medical Assistance Fund established by Lion Group of Companies of which the Group is a member. The companies within the Group also support the local community wherein they operate by participating in charity programmes and fundraising drives to assist those in need.

Empowerment through Education

Lion-Parkson Foundation started in 1990 and organises fundraising activities for charity and to provide educational opportunities for the less fortunate. The true sustainability of our project lies in the on-going transformation of peoples' lives through the benefits of education. We believe in Empowerment through Education; that education is the catalyst to bring about sustainable change for the better, for our future generations.

Every year, the Foundation awards scholarships to undergraduates in the local universities. The selected scholars undergo training in soft skills such as problem-solving and communication skills and internships at our companies during their semester breaks to prepare them for the corporate world. This year, the Foundation awarded scholarships worth RM10,000 per annum to 12 students based on their academic performance, extra-curricular activities and leadership qualities. To date, the Foundation has sponsored a total of 448 students through various sponsorship programmes worth RM10.4 million.

For the 9th consecutive year, students from 5 schools had staged calligraphy demonstrations and Chinese orchestra performances at 9 participating Parkson stores in the Klang Valley over 3 weekends in January 2018 prior to the Lunar New Year, and successfully raised RM258,792.36 from the sale of their calligraphy pieces. The Lunar New Year Calligraphy Exhibition and Charity Sale in Parkson stores initiated in 2010, has raised a total of RM2,145,396.66 to assist needy students in these schools.

Under the annual Parkson Cares Educare programme organised together with Lion-Parkson Foundation, Parkson stores act as collection centres throughout Malaysia, for the public to contribute items such as school bags, shoes, uniforms, stationery and other schooling necessities for needy students nationwide. This programme, in collaboration with Yayasan Maha Karuna started in 2001 and every year, 5,000 school children from 200 government schools and orphanages benefit from these donations.

Home for Special Children

In reaching out to the various communities through education, we have not forgotten the less fortunate, namely the special children whose lives we seek to enhance and enrich through our Home for Handicapped and Mentally Disabled Children Association Selangor. It was built at a cost of RM2.2 million contributed by the Foundation in to 012 on a 4.17 acres piece of land worth RM1.2 million donated by Lion Group, and can accommodate 100 children. The Home was officially opened by National Shuttler, Datuk Wira Lee Chong Wei and Foundation Chairman, Puan Sri Chelsia Cheng on 4 November 2012. Construction work on the 2nd and 3rd phases which will enable the Home to accommodate another 100 children, and an old folks home is almost completed.

All in, to date a total of RM34.9 million has been contributed to various charitable causes championed by the Foundation.

Medical Assistance for the Less Fortunate

In reaching out to a broad and diverse cross-section of beneficiaries irrespective of race or religion, the Lion Group Medical Assistance Fund provides financial assistance to the less fortunate suffering from critical illnesses who require medical treatment including surgery, purchase of medical equipment and medication. Since its inception in 1995, the Fund has also assisted organisations that are geared towards helping the less fortunate achieve a better life, including sponsoring community health programmes such as medical camps and the purchase of 21 dialysis machines worth RM797,400 for Dialysis Centres providing subsidised treatment to those suffering from kidney failure.

Other Charitable Causes

In addition, the CSR team of our property division had organised visits to numerous charity homes and underprivileged families in Klang Valley and Melaka during the festive season. Monetary and basic goods were donated for the upkeep of the homes and to assist the families in their preparation for the celebration. These CSR initiatives led to the division winning a Special Mention in CSR award on 26 April 2018 presented by Property Guru.
